## November Salon: Balance

On November 19, the Gloaming Society hosted its salon on Balance, a topic that has become very relevant to those of us trying to juggle the demands of our families, careers, finances, health and leisure. Most participants acknowledged that balance was very personal – in the definition of what it is, how it feels to achieve, and what external influences affect our ability to be “balanced.” We discussed how opportunities to find balance differ based upon our environment, experience and age, and also considered whether being in a state of “imbalance” provides opportunities for personal growth.

“Life is like riding a bicycle.  
To keep your balance, you must keep moving.”
